Tepper C-130 N8183J: Tepper's aircraft long used by CIA for covert operations in Angola, Papua New Guinea, Bosnia, Croatia (Split), and Latin America. Past ties between Tepper operations and those of Jack Abramoff

Tepper was registered in Florida in 1989 in Crestview, Florida and its principals have deep ties to George Bush, Sr. other Bush Family members and was funded initially by the Israel Ministry of Defense. On November 27, 1989, a Tepper L-100-30 Hercules (N9205T) crashed in Jamba, Angola, the jungle headquarters for the right-wing UNITA guerrillas, ferrying arms from Papua New Guinea. At the time of the Tepper crash, UNITA was being backed by Republican operative Jack Abramoff and his International Freedom Foundation. Abramoff organized an expensive anti-communist summit in Jamba that also attracted Nicaraguan contras, Indochinese guerrillas, and Afghan mujaheddin. Some of the mujaheddin later become members of Al Qaeda and the Taliban.

Abramoff also produced a pro-UNITA propaganda movie titled "Red Scorpion." GOP operative and close Karl Rove friend Grover Norquist served as an economic adviser to UNITA leader Jonas Savimbi. Abramoff is currently embroiled in a major GOP money laundering scandal also involving Tom DeLay and was sentenced to 6 years in federal prison on March 29, 2006.

The prison sentence comes in part from his participation in the death and Mafia Hit of Gus Boulis a Fort Lauderdale owner of SunCruz Casino lines bought by Abramoff with a fraudulent money wire transfer. **Insider magazine has learned that the "Hit Man" was on the payroll of the FBI as an informant and the Bureau did not disclose this important fact to federal prosecutors who were furious they were kept in the dark.**

According to Wayne Madsen and Insider sources two Lockheed L-100-30 Hercules (C-130) -- N2189M and N8183J -- owned by CIA contractor Tepper Aviation, are involved in prisoner transport in Europe. N2189M was seen at Lajes Field, Azores on March 31, 2005; Prague Ruzyne on May 24, 2004; Tenerife Reina Sofia (Canary Islands) on December 7, 2003; Frankfurt Rhein Main on August 2, 2003 and in December 2001; and Glasgow Prestwick on March 24, 2003. N8183J was spotted in Glasgow Prestwick on November 13, 2004; Frankfurt Rhein Main on January 8 and 19, 2003 and November 20, 2002.

On January 21, 2003, N8183J was en route to Baku, Azerbaijan from Frankfurt when it was intercepted by two Austrian jet fighters over neutral Austrian airspace.

Tepper C-130s were involved in supplying weapons to Bosnian Muslims during the Bosnian war, the funds for the arms gathered from various Muslim nations and deposited in the Bosnian Defense Fund, held by Riggs Bank and run by Richard Perle and Douglas Feith from the Feith & Zell law firm in Washington, DC.

Possession of these Documents almost landed me in jail back in 1992, because they showed Tepper was actually Crestview Aerospace and had operations right along side the DEA in San Antonio, Texas.  
By Coincidence, Hamas Suicide Bombers operate their World Wide Internet Servers from San Antonio and are hosted by PEER 1 Networks absorbed last year by a Canadian penny Stock conglomerate tied to Vegas Casinos.

Jack Owens from Defuniack Springs has always been the front man. Former Lt. Col. Thomas Bledsoe former owner of Kenworth of Dothan, Alabama and past President of Alabama Truckers Association supplied transportation and possible storage of the goods. Bedsole also flew truck parts nationwide to truckers with his fleet of pilots and fixed wing aircraft.

U.S. Customs Intelligence reports I've laid my eyes own say the Tepper Planes would land late at night with several armed masked men in black guarding the aircraft with sub-machine guns while supervising the on-loading of tractor trailer rigs and local law enforcement were told to stay the hell away. Bledsoe became irritated after Customs opened the cover-up investigation and moved his Yacht from BayPoint, Florida to Fort Lauderdale. Mitchell Dowling an Alabama banker from Abbeville apparently played an active role in recruiting Faircloth into the operation, Dowling moved his Yacht to Ft. Lauderdale also. Chief Lee Sullivan was reportedly on his payroll.

According to those same reports Tepper employed 17 pilots in 1992, was caught with stolen military tanks on board an aircraft and a gun-battle almost ensued between U.S. Customs and Tepper black ops people. Tepper was part of the Iran-Contra Network and the first air-crash was in Angola, Bub Petty a Tepper owner from Dothan, Alabama was killed. Tepper supplied all sides in every fight.
